OPEN MAY 12 TO OCTOBER 30

## What our customers say:

BSR is *a family tradition*- for 29 years we have been spending the fourth <of July> up north-the lake holds many memories of fishing, water skiing, tubing, wake boarding and just cruising around sunset. The Bitelys are congenial hosts and do everything to make your stay enjoyable and memorable.

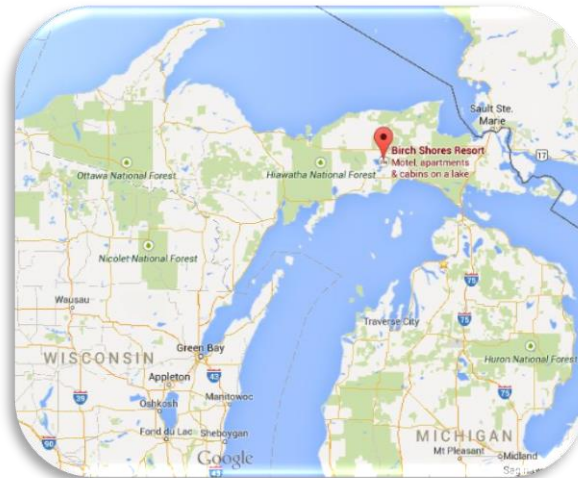

Birch Shores is *the perfect up north spot* if you're looking for a place where the kids can play in the sand and swim all day long. Fishing, boating, sunning, and total relaxation for the adults are what we look forward to every year and have done so for the past 28 years. Just returned from our week and can't wait until next year!

We like the fact that you can hang out on the beach, watch the volleyball games, or just talk with friends. Or you can take a road trip and explore for hours. This is *our 26th year!*

*Escape* from the hustle and bustle of everyday life, and *take a reprieve* from the demands of our digital world.

This is a place to be *one with nature* and be part of a *community of good folks* where the *kids go outside* to play together, people *interact face-to-face*, and families become reacquainted.

We hope you'll join us and look forward to your visits year after year as much as we do!
